Excel Introduced Its Latest Unit Trust System In Sun's Solaris 10 Workshop

As a close business partner of Sun Microsystems, Excel participated in the Sun's Solaris 10 Workshops and introduced its Unit Trust System ("UTS") running on the newest Solaris 10 operating system to the attendees on 29 April, 2005. The workshop attracted many delegates from the IT, banking and finance sectors in Hong Kong and concluded successfully.

Excel UTS is a multi-tier application providing a multi-channel, scalable and comprehensive solution to banks and financial institutions offering unit trust services. It provides for effective front-office transaction capture for both unit trust products and equity-linked instruments right through to back-office settlement while keeping detailed records of the customer portfolios and positions.

Excelink and Penril Jointly Participated in the Business Solutions Symposium 2005 in Kuala Lumpur

Excel's Singapore subsidiary Excelink partnered with its SE Asia reseller of Excel's banking and finance products, *Penril Datability (SEA) Sdn Bhd* ("Penril") and participated in the Business Solutions Symposium 2005 which was held in Kuala Lumpur on April 7, 2005. Penril is a leading Malaysian business solutions provider for banking, finance, securities and telecommunication industries.

The full day event aimed at keeping mid-sized organizations (including small enterprises) abreast of latest available business solutions and technologies that would help them to acquire new capabilities to stay competitive and agile in the marketplace as well as to enhance greater profitability and operational efficiency.

P.2, continued.

Along with Penril, Excelink gave a presentation titled “ *Integrated Wealth Management – A Successful Cross Selling Strategy Implementation*” and demonstrated Excel’s wealth management system (“Excel Wealth Manager”) to the delegates from various industries in the event. As a result, the presentation attracted lots of interests and great response from the audiences.

Excel Wealth Manager (WMS) is an all-in-one wealth management solution which provides finance organizations with an integrated, comprehensive and functional software in managing customer relationship, conducting financial planning and tracking investment portfolio effectively.

Excel Technology Wins Caring Company Awards For 2 Consecutive Years

Excel is delighted to receive its 2nd award of the “*Caring Company*” from the Hong Kong Council of Social Service (HKCSS) since 2002. The Award of *Caring Company 2003-05* recognizes Excel’s continuous support and participation in various volunteer community services and charitable activities in Hong Kong for the past years.

For two consecutive years of 2003 and 2004, Excel had sponsored the *ACCA Charity Fun Day* events which were organized by the *Association of Chartered Certified Accountants of Hong Kong (ACCA)*, in support of raising funds for various charitable organizations that have involved in the welfare of the underprivileged of society including *the Hong Kong Epilepsy Association, the Neighbourhood Advice-Action Council, Hong Kong PHAB Association, the Hong Kong Down Syndrome Association, the Intellectually Disabled Education and Advocacy League*, etc.

In addition, Excel partnered with the *Evangelical Lutheran Church Social Service of Hong* to organize a charity giveaway event of new and used toys and household items in the company for needy families in the community *Kong* in May 2004. In September, the company also teamed up with the *Rehabilitation Alliance Hong Kong (RAHK)*, a social service organization which aims to fight for “Full Participation and Equal Opportunity” in social affairs for disable people, to organize a charity Flag Day in the company for fund raising for its new resources centre operations and recurring expenses.
